## Rutas de Agroturismo de la comuna de Pinto

### What is rural tourism ?

It is the set of tourist activities made in rural places and based on the advantages that the natural surroundings present. The tourists

develop typical activities of the zone, taste the gastronomy and know the farmer culture.

### What do the Tourist Routes of Pinto consist of?

The tourist routes of this commune are places of relaxation and recreation where a rural tourist service is offered. Local gastronomy can be tasted and typical activities developed by those who love the mountain and its outskirts.

### El Arriero "Tourist route

#### "Las Avellanas" station

It is a 5 –hectare - plot located near Chillan (40 kms from the city).

Characterized by its abundant native flora and fauna. The most attractive places are the viewpoints. In this route people will know and enjoy products prepared with hazelnuts.

#### "Las Turbinas" station

It is an 8 –hectare- estate located at 70 kms from Chillan. About Attractions: rivers, footpaths and the waterfall.

This is a special place to develop equestrian activities

#### "Entre Piernas" station

It is a 2- hectare- estate characterized by its tranquility and the cultivation of native trees. In this station people will find carvings made by the local craftsmen.

### "Las Flores" Tourist route

Las Flores" Tourist route

It is a new route. We want to emphasize the best of the agriculture activities and livestock of our commune. You can be protagonist of the guided visits and know:

- The process of milk extraction and elaboration of milk by-products.
- Agriculture and cultivation of flowers.
- House - museum where people can visit and know how the life farmer in old times was and many other surprises.

The illustrious Municipality of the Commune of Pinto works to present
